

Match Report:

St John's Priory v Bruern Abbey (35-0)

On Wednesday 3rd February, SJP played a rugby match against Bruern Abbey; some might say our toughest rivals, having lost to them this time last year.

First Half

Well once again we started the better team by tackling hard, taking opportunities and keeping the Bruern boys in their own twenty- two. The first try came from Max passing it out from a ruck, playing a one-two with Cian before passing it down the line to Jacob, who beat the last defender with pace to score.

Then, with a dummy from Cian, a gap was found, before popping it over to Jacob to score his second try.

Before the break, Seb showed Bruern his skill with a great pass, executed without even looking to Roman, who ran ten yards before passing it to Barney, who then scored his first try.

Second Half

The second half opened with Bruern kicking the ball to us, leading to a brilliant try from Barney, who out-paced the defence to score his second try. He then scored a very similar try after Ollie won the ball back, passed it to Cian, who swung it out to Barney to score his hat-trick

You can't forget Ollie's great try either; with the ball just rolling around on the try line, Ollie almost flipped onto it to score the last try of the game sealing a 35-0 win to SJP. Not only did the win mean we had a 100% record in Rugby this season but it also was the last match we played for SJP, which made the victory all the more special.

Although we scored great tries, we won the game on our defence thanks to Ollie, Fergus and many others.

Thank you also to Mr Tubb and our SJP parent fans.
