Who we are

We are a primary curriculum provider, established 10 years ago. Cornerstones was founded by Simon Hickton, a former primary headteacher, and Melanie Moore, a former primary deputy headteacher. Our team is made up of primary teachers, senior leaders, advisers and subject experts.

Moore**

What we do

Our team helps primary schools by creating and providing a wealth of high quality curriculum materials and online systems, which saves school staff a lot of time and hard work when designing, delivering and managing their curriculum.

How we do it

Our new and innovative system, Curriculum Maestro, is a multidimensional education platform with the functionality you need to create, teach and assess your curriculum. Populated with our full primary curriculum and teaching resources, Curriculum Maestro gives your staff a shared and flexible platform for all your curriculum needs.

What schools say

With over 1,200 schools using Curriculum Maestro, we are already gathering outstanding feedback from delighted senior leaders and teachers.

Take a look at the following pages to find out about some of the fantastic benefits of Curriculum Maestro, helping you to make your curriculum outstanding.

‘We have just had our Ofsted inspection, and I wanted to let you know that Curriculum Maestro was a vital part of the subject deep dives and is massively useful for subject leaders.’

**Sarah Shaw, Headteacher,
Hartshead Junior and Infant School, Liversedge,
November 2019**

Curriculum Maestro

DESIGN

Curriculum Maestro guides you through the entire curriculum design process, from defining your aims and setting out larger concepts, to articulating your pedagogical approach and wider co-curricular offerings.

PLAN

Curriculum Maestro houses the full Cornerstones Curriculum and its complete suite of teaching resources. Planning your curriculum content is made easy using our wide variety of curriculum projects, or using the program to organise your own. All content links to Curriculum Maestro's skills and knowledge framework, so that you can ensure clear and secure curriculum coverage and progression.

TRACK

Curriculum Maestro makes light work of subject leadership in your school, helping you to monitor intended and actual subject coverage and progression. It can ensure rich, sequenced subject learning across year groups and support teachers' subject knowledge with quality resources. Maestro has everything you need to make sure you are well prepared for those internal or inspection deep dives.

MANAGE

With your curriculum in place, Curriculum Maestro provides you with the tools and resources to deliver and manage it with ease. All medium term plans, the 100+ Cornerstones projects and school created projects are fully adaptable, enabling schools to deliver a truly bespoke curriculum.

SHARE

With Curriculum Maestro, staff can view and share lesson plans, timetables and assessment, which allows for efficient and effective paperless curriculum delivery and management.

ASSESS

Maestro provides a seamless link between curriculum, teaching and assessment, avoiding the need to buy additional, and often expensive, assessment packages. Live tools help assess children's coverage and progression, supporting accurate and meaningful judgements of what is being taught and learned in your curriculum.

REPORT

Curriculum Maestro creates live reports enabling you to see the impact of your curriculum at a pupil, subject or whole school level in real time. From teacher assessment to reading, writing and maths combined percentages, Maestro provides an analysis of what is actually happening in the classroom.

EVALUATE

Curriculum Maestro makes evaluation easy, giving you the information you need by highlighting both areas of strength and areas for development. Maestro's smart functionality helps you to quickly see percentages of children who are on track in all subjects and the ability to drill down and generate dynamic reports at whatever level of granularity you need.

'Curriculum Maestro allows my leadership team, governors and I to ensure we have a great curriculum with assured coverage and progression.'

**David Perkins, Headteacher,
Littletown Primary Academy**

Curriculum Maestro purchase

Curriculum Maestro gives excellent value for money – and probably costs much less than you'd expect. We understand that each school is unique, which is why our pricing structure allows for the constraints of any school budget, including those of small schools, MATS, academy chains and special schools. We can also offer our Curriculum Maestro Lite option, for those schools who want to manage and assess their own curriculum.

Features include

	Curriculum Maestro Full Licence	Curriculum Maestro Lite Licence
Access to the Cornerstones Curriculum	✓	✗

Curriculum support

We are here to help you at every stage of your curriculum journey. Our team of primary teachers, senior leaders and curriculum experts are highly experienced and on hand to help from the moment you get in touch.

Here is just some of the support you'll receive with your curriculum licence:

- Curriculum guidance
- Online demos
- Video tutorials
- Ongoing customer support, via phone, live chat and email
- Blogs, podcasts and magazines to keep you up to date with curriculum news
- In school training (available at a reduced cost for Curriculum Maestro users)

'Thank you so much for our fabulous training. We feel confident that we are firmly down the right track as a result of using Maestro.'

**Lyndsey Wain, Assistant Headteacher,
Hartburn Primary School**
